

1. Circle the balls with even numbers in the box below.

2. Ring the balls with odd numbers in the box below.

3. Classify the given list of numbers in the grid below.

231, 985, 564, 787, 900, 443, 801, 30, 138, 19, 646, 43, 2
207, 12, 439, 708, 295, 814, 96

Even Numbers	Odd Numbers
2	19
12	43
30	207
96	231
138	295
564	439
646	443
708	787
814	801
900	985

Do you think you can arrange the numbers in ascending order?

(From smallest to largest)

Now you can try my second activity sheet. Will you?
