Name the animals and then colour the pictures.

Observe the animals above and let us find out how they are different.
I classify the animals above in the tables that follow.

1. I write the names of $\underline{\mathbf{3} \text { animals } \text { which are: }}$

| Big | Small |
| :---: | :---: |
|  |  |
|  |  |
|  |  |

2. I complete the table below with the name of the animals with:

| no legs | 2 legs | 4 legs | more than 4 legs |
| :---: | :---: | :---: | :---: |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |

3. Complete the table below with the name of animals above

| Living on land | Living in water | Living both on land and in <br> water |
| :---: | :---: | :---: |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
|  |  |  |
